Calls are the main route for enquiries. The school number is for voice calls only.

## THE EARLY YEARS

## Care, play and first learning

The Early Years programme introduces language, number ideas, movement and social routines through age-appropriate activities. Opening hours are 7:30am to 3:15pm.

|                                       |                                                                        |
|---------------------------------------|------------------------------------------------------------------------|
| <b>Language and early literacy</b>    | Listening, speaking, stories, rhymes, letter sounds and early writing. |
| <b>Numbers and patterns</b>           | Counting, matching, sorting, shapes and simple comparisons.            |
| <b>Personal and social growth</b>     | Sharing, routines, independence, care for others and positive values.  |
| <b>Creative and physical activity</b> | Drawing, music, movement, play and age-appropriate coordination.       |
| <b>Understanding the environment</b>  | Everyday objects, nature, health habits and guided exploration.        |

## EARLY YEARS PATHWAY

## One stage at a time

Creche focuses on care and early development. Reception introduces guided play and communication. Nursery develops confidence with early literacy, numbers and classroom routines. Call the school for care and placement enquiries.

Anyone collecting a child or representing a parent must provide proper identification. Active security and CCTV support safety on the school premises.

## PRIMARY 1-5

## Foundations that develop each year

Primary 1 to 5 follows the standard curriculum, covering literacy, numeracy, language, scientific understanding, values and creativity. French and Christian Religious Studies (CRS) form part of the programme.

|                                       |                                                                                |
|---------------------------------------|--------------------------------------------------------------------------------|
| <b>English and literacy</b>           | Reading, speaking, listening, vocabulary and writing.                          |
| <b>Mathematics</b>                    | Number skills, reasoning, measurement and problem-solving.                     |
| <b>French</b>                         | French language learning, vocabulary and communication.                        |
| <b>Science, technology and health</b> | Observation, practical exploration, everyday technology and healthy habits.    |
| <b>Values and society</b>             | Christian Religious Studies (CRS), community, citizenship and personal safety. |
| <b>Creative arts</b>                  | Drawing, making, music and cultural expression.                                |

**PRIMARY 4-5: WIDER LEARNING**

Practical learning includes Agriculture and Home Economics themes, alongside language development and digital learning. French develops communication skills, while CRS supports religious and moral learning.

Living Spring offers Primary 1 to 5. Speak with the school about placement, learning expectations and progression.

## ENTRY AGE GUIDE
